Evening at leisure in the Hotel.

Dinner and overnight Palmstone retreat.
After breakfast visit to Broadlands dam after and the upper Diyaluma dam

Broadlands dam - The Broadlands Dam (also known as the Broadlands Hydropower Project by the developers) is a 35 MW run-of-the-river hydroelectric complex currently under construction in Kitulgala, Sri Lanka. The project is expected to be completed in 2020, and will consist of two dams, and a power station further downstream.

Upper Kothmale Dam - (also known as the Upper Kotmale Hydropower Project, or UKHP) is located in Talawakele, within the Nuwara Eliya District, in the Central Province of Sri Lanka. The dam feeds the third largest hydroelectric power station in the country.

Lunch own arrangement

Afternoon proceed to Colombo

Dinner and overnight at Cinnamon Lakeside Colombo
After breakfast  Colombo City Tour and departure.

We take a drive around the city, visiting its museum and impressive Parliament House, also designed by Geoffrey Bawa. Colombo is fascinating with a cozy mixture of the past and present and is the commercial center of the country. Visit Sea Street – The Goldsmith's quarter in Pettah, The Bazaar Area, A Hindu temple, The Dutch Church of Wolfendhal dating back to 1794, the historical Devatagaha Mosque & the Gangarama Temple. Also visit the Old Dutch Hospital, which has been impressively restored and now holds eateries, bars, boutique stores and spas. Constructed all of four centuries ago, the building is a resounding example of colonial Dutch architecture with high ceilings, thick walls, large wide windows and terracotta tiled floors. In the afternoon, see some of Sri Lanka's fine shopping at the Paradise Road, Odel, Barefoot.
